

JAHANGIR ALAM

Civil Site, Documentation & QA/QC Engineer / Inspector (Infrastructure, Airport & Mega Projects)

WhatsApp: <http://wa.me/8801735027724> | jarakibmridha@gmail.com | [linkedin.com/in/jahangiralamrakib](https://www.linkedin.com/in/jahangiralamrakib) | Dhaka, Bangladesh | [jarmridha.github.io](https://github.com/jarmridha)

PROFESSIONAL PROFILE

Civil Engineer with 5+ years of professional experience combining site execution, QA/QC inspection, and technical documentation on large-scale infrastructure projects, including HSIA Terminal-3 Airport and Dhaka Mass Rapid Transit (MRT). Strong expertise in inspection, approvals, method statements, material documentation, and consultant coordination. Well-versed in European and Middle East construction standards (ACI, ASTM, BS/EN, NFPA, OSHA) with solid exposure to HSE management systems (ISO 45001 & ISO 14001). Seeking a Site-based QA/QC Inspector or Civil Documentation Engineer role in Europe or the Middle East.

KEY EXPERTISE

SITE & QA/QC INSPECTION

On-site inspection of RCC, RMC, pavements, piles & structural works; fire-rated doors, shutters, windows & life-safety systems inspection; punch listing, snag clearance & re-inspection; witnessing material tests.

DOCUMENTATION & QA/QC RECORDS

WIR, MIR, MAR, RIW, IPC preparation, submission & tracking; Method Statements & ITP review; QA/QC logs, inspection trackers & approval registers; as-built drawings coordination; NCR tracking.

CODES, STANDARDS & COMPLIANCE

BNBC 2020, RSC, ACI, ASTM, BS / EN, NFPA, OSHA.

HSE & SITE SAFETY

ISO 45001:2018, ISO 14001:2015, hazard identification, risk assessment, site safety inspections & toolbox talks.

SOFTWARE & TOOLS

AutoCAD 2D, MS Excel, MS Word & PowerPoint.

PROFESSIONAL EXPERIENCE

Project Engineer (New Installation)

Ingress Solutions Ltd – November 2025 – Present

Authorized Sole Partner of Dormakaba, Bangladesh

- Lead new installations ensuring quality, safety, and timely delivery.
- Manage project documentation and technical reports.
- Conduct site inspections and QA/QC checks.
- Coordinate with clients, architects, and vendors, while overseeing procurement and approvals.

Quality Control Engineer (Site & Documentation)

Aridod Tech Serve Ltd. | HSIA Terminal-3 Project – ADC JV (Mitsubishi, Samsung & Fujita) | July 2023 – June 2025

- Executed 700+ site inspections covering RCC, RMC, pavements, fire-rated doors and shutters in compliance with ACI, ASTM, BS/EN, NFPA, OSHA & BNBC 2020.
- Prepared, submitted, and maintained 1100+ QA/QC documents (WIR, MIR, MAR, RIW, IPC), achieving a 98% consultant approval rate.
- Reviewed method statements and ITPs prior to execution and verified on-site compliance.
- Coordinated inspections with clients, consultants, and multinational JV partners.
- Maintained inspection trackers, QA/QC logs, and NCR records using MS Excel.
- Prepared as-built documentation and handover files supporting project close-out.
- Supported HSE activities through site safety inspections and hazard identification.

Quality Control Engineer / Inspector

SMCC – ITD Joint Venture | Dhaka Mass Rapid Transit (MRT) Project | October 2021 – June 2023

- Conducted site inspections and prepared 150+ QA/QC inspection records in line with project specifications.
- Inspected RCC piles, slope protection, reclamation works, and rigid pavements.
- Witnessed RMC testing (slump, compressive strength, temperature) as per ACI & ASTM.
- Closed inspection comments through proper documentation and re-inspection.
- Assisted in maintaining QA/QC files and progress documentation.

Assistant Engineer (Tender & Site Documentation)

Momotaj Engineers Ltd. | November 2019 – September 2021

- Prepared and reviewed tender documents including BOQ, specifications, drawings, and technical submissions.
- Assisted in tender preparation, compilation, and submission through e-GP and manual processes.
- Coordinated preparation and submission of Bid Guarantee (BG) and Performance Guarantee (PG) documents.
- Prepared cost estimates, quantity take-offs, tender documentation records and comparative statements.
- Supported site teams through basic site supervision and documentation for earthwork, RCC piles, seawall, slope protection, rigid pavement, fencing, and road repair works.

EDUCATION

B.Sc. in Civil Engineering

International University of Business Agriculture & Technology (IUBAT), Dhaka | 2018 | GPA: 3.17

Diploma in Civil Engineering

Mymensingh Polytechnic Institute | 2014 | GPA: 2.96

CERTIFICATIONS & PROFESSIONAL TRAINING

- PMP – Project Management Professional (Unit-3), Coursera
- ISO 45001:2018 – Occupational Health & Safety Management System
- ISO 14001:2015 – Environmental Management System
- OSHA Safety Standards & Compliance
- Construction Project Management – Columbia University
- HSE Engineering – Khalifa University
- Standard First Aid, CPR & AED

PROFESSIONAL MEMBERSHIPS

- Member, American Society of Civil Engineers (ASCE)
- Member, International Association of Engineers (IAENG)
